It was a big day for Brooklyn in the game with the Pirates yesterday, when they pounded Tannehill and Wiltz for a total of twenty hits for thirty-two bases. They scored 16 runs and escaped without an error. Pittsburgh had a close call for a shut out but finally succeeded in getting in three runs, eight hits and an error. It is probably the most open played in the national league this season.

The Beaneaters lost to St. Louis in a close game, and the Giants took one from Cincinnati. In the American league Milwaukee and Washington were the winning teams.

CORBETT DEFEATS GARDNER.

At Denver Last Night Oscar is Put to Sleep.

Denver, June 26.—Young Corbett of Denver knocked out Oscar Gardner in the sixth round of what was to have been a ten-round go before the Denver Wheel club. Gardner went down in the sixth from a right swing on the jaw. This blow was struck when Gardner's arms hung at his side, he apparently having grown tired. He remained on the mat eight seconds and Corbett quickly put him down again as he got to his feet.

Gardner rose calmly each time and attempted to continue the battle. He was put down three times more and was all but out when the police stepped in and stopped the fight. Gardner was lifted to his feet and carried to his corner, where he fell in a heap. Corbett was the aggressor throughout the fight. Both men were wild at times and Gardner's showing was not up to expectations.

In the preliminaries Abe Attell and Jockey Boxeman, both of Frisco, fought three fast rounds, when Boxeman's seconds announced that he had broken his hand in the second round and could not continue the bout. Boxeman received terrific punishment in the third and though he fought gamely could not have stood up further against Attell's fierce fighting.

AUTOMOBILE RACE ON.

Started This Morning Between Paris and Berlin.

Paris, June 27, 4:40 a. m.—The keenest interest is taken here in the automobile race between Paris and Berlin which started early this morning from the cross roads of the village of Champigny, twelve miles east of Paris. This starting place has been chosen because Champigny is secluded, thus enabling the auto cars to start at full speed, which would not be possible were the start made from Paris. One hundred and fifty-five automobiles have entered the contest and the vast majority of them are French machines. There are several machines of German and three of English make. The most interesting competitor in the race, from the American point of view, is Foxhall Keene, who drives a French automobile of the heavy class of 25-horse power and weighing 1,600 kilograms. Mr. Keene is accompanied by an engineer, but he intends to work his car himself.

ENTRIES FOR CONTESTS.

Paris, June 27.—The entries for the automobile contest consists of 55 heavy and 65 lighter automobiles, 21 light motorcycles and 16 motorcycles. The first day's run will be 45 kilometers and 800 metres to Aix-La-Chapelle; the second day's run will be to Hanover, a distance of 44 kilometers and 300 metres and the third day's distance contestants will have to cover 297 kilometers to Berlin where a great reception awaits them.

There was a wild scene early this morning beneath Fort Champlain when the racing automobiles began gathering soon after 2 o'clock at the cross roads where they were marshalled in a line at the roadside. Each machine came up at a good rate of speed, and then took up its place in the line. The racers waited until half past three, when the starter gave the word, "No. 1 starts." The automobile numbered one immediately went to the front and quickly assumed its racing speed and disappeared. Two minutes later automobile No. 2 was started in the same manner. Arrangements had been made that the automobiles leave at two minute intervals. Owing to the number of competitors, the start thus lasted about four hours. Foxhall Keene arrived on a gray car which races for the first time. Mr. Keene did not start until about 8 o'clock this morning, as his car was numbered 143.

STREAMS OF BICYCLISTS.

Paris, June 27, 9 a. m.—From midnight on until the early morning hours a stream of bicyclists and automobiles marked the road from Paris to Fort Champlain, a dozen miles east of the city. The beginning of the automobile race between Paris and Berlin, which started at half past three this morning, attracting unusual interest. It was indeed a most picturesque sight. Hundreds of bicycles and automobiles were assembled were illuminated with Chinese lanterns, while every few minutes a racing car would dash up and take the position allotted, being soon lost to view. Later, when the bright sunshine put in an appearance the auto cars departed with even greater speed and were soon enveloped in dust.

At the starting place at the cross roads of the village of Champigny by 3 a. m. the hour when the first automobile was started, a violent 2,000-odd trusties had gathered, many being scattered along the road toward Berlin. The first few racers left before the break of day, losing little time in covering the first 200 yards. The cloud of

dust which alone could be seen whirling across the plateau of Champigny resembled nothing so much as the smoke of an express engine. The racing cars were mere machines of iron and steel and no pretense was made for comfort of drivers or engineers. They carried little or nothing except spare tires and an express engine. The arrangements were carried out like clock work. There were about thirty persons who had entered who did not start, among them the American Artist Danann. Many cheers were given as the automobiles made their departure. There was only one French woman named Gast, who was attired in a smartly made waterproof costume.

Foxhall Keene got away at 7 o'clock. He wore a blue serge suit, covered with a rubber jacket and a gray checked cloth cap.

"I do not expect to win," said Mr. Keene to the correspondent of the Associated Press, as he went to the starting line, "but I am going for the sport of the thing. I never participated in a race of this kind before. My auto car is quite new. I gave it for the first time Tuesday and I find the tension is terrible. My car ought to go 35 kilometers an hour, so apparently I stand a fair chance in the race, but I shall not get the best out of it as I have not had sufficient experience with it. These French crack chauffeurs will probably beat me two hours during the first day's run. Nevertheless I mean to do my best and win if possible."

Will Not Attend Sports.

New York, June 27.—King Edward will not be seen at any sporting event until the regatta at Cowes, says a dispatch from London to the World.

Though he is restricted by official usages from the regatta at Cowes, he has taken a deep and practical interest in every great meeting.

It is rumored that he has already won over \$20,000 (\$100,000) since the season began. He was a big winner as the result of backing Mr. Whitney's horse Volodyovski for the Derby. He was so interested in the result of that race that he had a private wire run from Epsom Downs to Marlborough house.

Races at Denver.

Denver, June 26.—Results at Overland park:

First race, pacing, one mile—Winfield Scott Strator won in three straight heats. Time, 2:04, 2:17, 2:16. Arlie B. Eves, Victor, Maria B. Iron C. and Buena also started.

Second race, trotting—Louise Jefferson won second third and fourth heats and race. Time, 2:37, 2:15, 2:17, 2:17.

Viometa took first the heat and distanced in the second. Time, 2:20, 2:07. Shorb, Vic Schiller, George M. and Alto Wilkes also started.

Third race, four furlongs—Weldon won, Yampa second, Roger Q. third. Time, 5:14, second heat, 5:14.

Fourth race, seven furlongs—G. H. Ketchum won. Nearest second, McAlburt third. Time, 1:28.

Fifth race, six furlongs—R. Q. Ban won, Alara second, Foul Play third. Time, 1:44.

Sixth race, five furlongs—Don H. won, Thracia second, Sandow third. Time, 1:02.

Seventh race, one mile over five hurdles—Joe Eves won. Nearest second, Cedar Wood II. third. Time, 2:02.

Sprinter Gone to England.

New York, June 27.—Maxey Long, the champion sprinter, has sailed for England, on the steamship St. Louis. Long will be in the English championship games and defend his title at 100 yards, which he won on his last visit, making a world's record with 9.4 seconds for the distance. Long is said to be in excellent condition, and his friends believe he will lower his record.

LOCAL EVENTS.

FRIDAY EVENING'S RACES.

Program Includes Two Events of Special Interest.

Another ten mile lap race will be run on the Salt Palace saucer tomorrow evening. The winner of each mile will win a prize of \$2. The rider winning the greatest number of laps comes in for a purse of \$25, winner of second number \$15. The winner of the race comes in for \$35, second \$15, \$10 for the third and \$5 for the fourth.

There will be a mile amateur handicapped of three heats. This race is to be scored by points 4-3-2-1. The prizes are \$40, \$20, \$10 and \$5.

The race which will doubtless prove of interest to everybody is the match affair between Emery and Green and Samuelson and Edmonds. There will be two heats, the first an Australian pursuit and the second a half mile open. This race will also be for points.

MACABEES VS. SALT LAKES.

Rattling Good Game to be Played on July Twelfth.

The twelfth of July is Macabees day and the Knights are preparing for a big celebration. One of the most important events scheduled for that day is a baseball game to be played at the League park between the newly organized K. O. T. M. team of Tent No. 2, and the Salt Lakes.

It will be the first game with an amateur team which the White Wings have signed for. The contract was made yesterday afternoon by Manager C. E. Wood of the Macabees and Manager Griffin of the Salt Lakes. It calls for a game at one p. m. The winner receives 60 per cent and the loser 40 per cent after expenses have been deducted.

Manager Wood is not prepared to give his line-up away, but from all accounts he has a team which, though amateur in every respect, is a fast one

and will give the Salt Lakes plenty to do. They have a pitcher who, it is said, can twist some of the most mysterious curves that ever went over a plate, and the Macabees fully expect to hold their own, no matter what the result be.

Manager Wood has received the new uniforms for the team, and they are beautiful to behold. They are red like unto the lobster, only of a brighter hue, and bear the letters "K. O. T. M. No. 2."

In the afternoon after the ball game there will be an excellent program rendered at Saltair, and another ball game is to be played in the water with the Live Oaks of Bingham. This game will be for a handsome prize which the Macabees will give.

Manager Wood is also working up an excursion to Park City for the 14th, when the team will play the Ontarios. A special train will go up to Park and a special rate of \$1.50 will be made for the round trip.

Considerable interest has already been manifested in the game scheduled for Friday with the Salt Lakes and a big crowd is expected to attend. Mr. Wood has several other games in sight with outside teams, and from the present outlook the team is to have a busy season before the uniforms are laid by.

BALL GAMES HERE.

Salt Lakes vs. Park City, and Match Game at Ogden Saturday.

All is pretty quiet in the baseball world at present. Capt. Webster has his immaculates out for practice every day and they are in fine shape. The new lockers for the players are finished and the showers will be finished in time for Saturday's game, when the Park City crowd will come down to play the White Wings.

The same day a match game will be played at Ogden between the Lagoon farmers and Lobsters. Hollingsworth, Lagoon's new short stop, is now with the team and showing up well.

Park City has also received a new short stop in Bates of Evanville, Ind., and he will play in Saturday's game.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. S. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from Headache, Backache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells will find it a priceless blessing. Try it. Satisfaction is guaranteed. Only 50c at Z. C. M. STUCK BY LIGHTNING.

One Person is Killed and Two Are Knocked Down.

Pittsburg, Pa., June 26.—A storm which struck Pittsburg and vicinity this afternoon was short in duration, but terrific in power and disastrous in effect. The lightning and thunder was practically continuous for about thirty minutes, the wind attained a velocity of thirty miles an hour and there was a heavy rain. In two minutes of the time 15 of an inch of water fell, which would represent three inches an hour. The temperature fell twenty-four degrees within an hour. One woman was killed instantly by lightning and several other persons may die from the same cause. Numberless houses and churches were struck by lightning.

In Homestead Mrs. Alice Lester, aged 24, who was struck by lightning and instantly killed.

Miss Gray Jackson, aged 19, of Homestead, was struck, and her recovery is doubtful.

Richard Rucker, also of Homestead, was frightfully burned by the electrical field and will hardly recover.

The waters rushed down the hills around Homestead and literally engulfed the town. Besides the numerous houses wrecked four iron bridges on the Monongahela street railway were washed out. Dozens of washouts occurred between Pittsburg and Hazlewood.

Perished in Hotel Fire.

Bakersfield, Cal., June 26.—The Central hotel in Kern, about a mile east of here, caught fire this morning, and before the flames were subdued one life is known to have been lost and others are missing. Ed Tibbets, a fireman, had his skull crushed.

The fire is supposed to have started from the explosion of a lamp in one of the rooms. In the moment all ways of escape were cut off by walls of flame.

One dead body burned to a crisp has been found. It was identified as Geo. Clark, a blacksmith helper in the Southern Pacific shops of Bakersfield.

John P. Thornton was badly burned about the body. His condition is critical.

L. C. Burner, who has just returned from the Philippines and is staying at the hotel, has not as yet been located, and it is thought that he, too, perished in the flames.

The loss of property is estimated at \$1,000, on which there is \$3,000 insurance.

BIG OIL FIRE.

One Started at Decatur, Ind., by Lightning is Still Burning.

Chicago, June 27.—A special to the Tribune from Decatur, Ind., says:

The fire which was started at Preble Tuesday night by lightning striking a tank of the Standard Oil company containing 50,000 barrels of oil, is still burning. Three hundred men from this city, Huntington, Montpelier and Lima, Ohio, are fighting the flames and making efforts to save five other tanks that contain over \$200,000 barrels of oil.

Joe Kintz and V. D. Lawton, of Lima, Ohio, were loading a cannon to shoot the burning tank when it exploded and they were fatally burned.

The loss to the Standard Oil company alone will reach \$60,000. Many of the inhabitants have been badly burned.

Medicine Bow Coal Chutes Burned.

Cheyenne, Wyo., June 27.—The big coal chutes of the United Pacific at Medicine Bow have been entirely destroyed by fire. The conflagration is supposed to have been started by sparks from an engine. A large amount of stored coal was consumed, also two steel coal cars which were being unloaded.

An Old Friend

S. S. S. has been before the public for many years; from a small beginning, it has steadily worked its way to the front, and is now known in every city, town and hamlet in the country. Its staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands so high, has ever given such perfect satisfaction or is so reliable in the cure of Cancer, Rheumatism, Catarrh, Contagious Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agreeable with you much better than a drug store concoction or any of the widely advertised potash and mercury remedies, which affect the bones, muscles and stomach, causing Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects.

Don't Experiment—

Take S. S. S. for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition.

If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place gets well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anemic people will find S. S. S. just the medicine they need, for blood poverty and ily nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 50 years, must have merit—it cures, is the secret of its success. When you call for S. S. S., don't be persuaded to accept something else—there is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.
